

# **We Need Your Support To Help Homeless Children Have The Summer Of A Lifetime!**

The New Jersey Recreation and Park Association is partnering with HomeFront for its first Community Service Project. HomeFront works to break the cycle of poverty and end family homelessness in New Jersey. HomeFront's summer day camp keeps our area's most vulnerable kids safe and engaged while giving them a summer of social, intellectual, and personal enrichment – including swimming.

**Please help us by collecting new or gently used bathing suits to help summer campers participate in swim lessons. The drive will take place from **May 20– September 3, 2019.** NJRPA Headquarters will coordinate with HomeFront for the pick-up at your individual locations.**

If you would like to participate, register with Rich Lani at [rlani@njrpa.org](mailto:rlani@njrpa.org). For questions or additional information call NJRPA at 609-356-0480 or [rlani@njrpa.org](mailto:rlani@njrpa.org).
